### **UNSW Girls in Engineering Club**

The UNSW Girls in Engineering Club is a fun, inspiring community for high school girls interested in a career in engineering. We provide opportunities to explore the diverse fields of engineering where you can connect and share ideas with fellow high school girls. You'll hear from inspiring role models such as UNSW Engineering students and female engineers who are already making their mark on the world.

By joining the club you will receive:

Exclusive invitations to Girls in Engineering Club events

Monthly inspo delivered to your email, featuring profiles of female engineers, study tips and more!

Opportunities to be mentored by female engineering students

Access to a closed Facebook community to connect with like-minded girls

Regular workshops and challenges

### **UNSW GIE FEAS Program – An alternate pathway program for girls to UNSW Engineering!**

For high school girls in Year 11 and 12, the GIE FEAS Program is a new pathway program to UNSW Engineering that recognises students' engagement with the UNSW Girls in Engineering Club and passion for engineering.

### **What is UNSW Portfolio Entry?**

12 December

With UNSW Portfolio Entry, your pathway into uni is unique – just like you.

#### **UNSW Portfolio Entry includes**

- Art & Design Portfolio Entry,
- Built Environment Portfolio Entry,
- Bachelor of Information Systems Admissions Scheme (BISAS) and the
- Faculty of Engineering Admissions Scheme (FEAS).

Here at UNSW, we want to reward your passion, creativity and potential to succeed in your degree area. That's why we offer UNSW Portfolio Entry, which gives you the opportunity to demonstrate your passion and talent, alongside your ATAR.

If this sounds like you, we want to see your portfolio submission. It's an easy, online process, and can only ever boost your chances of admission. What you submit in your portfolio will depend on which degree you're interested in. Remember, your UNSW Portfolio Entry submission needs to be completed in addition to your UAC application.

Please note, individual faculties may decide to open a second round to accommodate more applications after ATARs are released. The second round will be dependent on the number of places available in the program.

Portfolio Entry gives you the opportunity to demonstrate your passion and talent, alongside your ATAR.

UNSW Portfolio Entry is one, easy online process. You'll select up to three degrees that you're interested in and be guided through what you need to submit

All domestic student high school leavers who are applying for an eligible degree, and expecting an ATAR within 10 points of the lowest selection rank for your degree (unless otherwise stated)

### [Wesley Support – Mental Health Support](#)

Emotional wellbeing is just as important as your physical health. Good mental health allows you to develop the resilience to cope with whatever life throws at you and grow into well-rounded, healthy adult.

### [Assistants in Nursing – Their Important and Growing Role](#)

Anyone who relishes the idea of caring for people as a living may decide that a career in the medical world is a good choice. However, not everyone is suited to becoming a medical professional such as a doctor, nurse or physiotherapist. For people who want to help, without having one of these roles, there is the option of becoming an assistant. For instance, there are [Allied Health Courses](#) which people can take in order to qualify for a role in assistance. Allied health assistants provide assistance to health practitioners including physiotherapists, occupational therapists, podiatrists, speech pathologists and dietitians. Another option is to become an assistant in nursing.

### [How to Transition to Tertiary Education – Helpful Hints for People with Autism Spectrum Disorder](#)

Congratulations on deciding to undertake tertiary study at university or TAFE. You will encounter many changes with this transition: a new physical environment, different teaching and learning approaches, and new expectations of you as a student.

Coping with change and transition can be difficult for many people, and if you are on the Autism Spectrum you may find it particularly challenging.

The information was developed as two booklets. These booklets discuss many changes to expect, but cannot predict all possible changes you may experience. Each university or TAFE is different; each campus is different; the staff are different; the students are different; and the way you experience it may be different as well. Nevertheless, a good logical approach to planning will help you cope with the transition

### [Microsoft Traineeship Program](#)

Microsoft Australia has created Microsoft Traineeship Program, which is developing a new, diverse pipeline of exceptional IT talent while also addressing the technical skills shortage in Australia.

For Microsoft partners and customers interested in hosting a trainee, this is an opportunity to get access to new and emerging talent from a diverse pool of candidates.

For aspiring trainees, this program provides an excellent foot-in-the-door to an exciting and rewarding career in IT

### [2022 Teens in Business Awards Ceremony](#)

A joint initiative by [Young Change Agents](#) and [BOP Industries](#), the 2022 Teens in Business Awards is a program that acknowledges, celebrates, and amplifies the creativity, passion, and interests of young people as they try to create positive change in their communities.

Hear from our award finalists as the finalists for each category pitch their ideas to an audience before the winners are announced!

### [The Unicorn Cup Launch](#)

In this session, we explain what the Unicorn Cup program is and how it will give your high schools students the skills to create their own game-changing idea and the potential pathways available for them to reach University.

The Unicorn Cup is a 5-week, self-paced online challenge, beginning October 28th, 2022 where you develop an innovative solution that creates a positive impact in your local community. To help, you receive weekly guidance and feedback from your innovation mentor, a real student studying at Sydney's Universities.

### **Science Extension Workshop**

Spend a day learning about the HSC science extension course exploring best scientific practice, experimental design, research techniques and reviewing statistical analysis of data.

We will focus on Modules 2 and 3 of the Science Extension course. Half the day will be spent exploring best practice experimental design and identifying potential challenges, with a view to good designs producing good analyses.

The other half of the day will be an exploration of various statistical hypothesis tests as detailed in the syllabus.
