

# MONITORING

**Good learners stop and think about the text that they are reading, viewing or listening.**

**Is this making sense to me?**

**What can help to fill in the missing info?**

**Do I need to read, watch or listen again?**

**What does this word mean?**

**What can I use to help me understand?**

**Should I slow down or speed up?**

**Do I need a visual?**

**Can we discuss this together?**
