## WEEK 2

### Activity 2:

Research two (2) Expressive Techniques that are used on your particular instrument (eg, flute - flutter tongue and glissando, violin - pizzicato and tapping) . Record yourself giving a demonstration that includes:

1. How to play the technique
2. Example of you performing the technique
3. A brief description using tone colour words

Upload your video with this completed package.

*These videos will be used as a learning resource for future music students.*

## WEEK 3

### Activity 3:

In a separate video to the above activity, record and **upload a checkpoint performance** of your final performance for the year (task name: *Performance Portfolio*).

This performance can be performed to a backing track or solo.

The formally marked performance will take place in the following work pack due on the **Thursday of Week 5 (November the 4th)**.

**Please note:** This year, it is *VERY* likely that we will be doing a *VIRTUAL* End Of Year concert. I will be using the formally marked performances also as audition files to potentially be included in this concert.

*Even if you don't want to be a part of the concert you still have to complete the task. Please specify "that you do not want your video used as an audition" when you submit the task.*
