COMMITMENT
RELATIONSHIPS**

Dear Parents / Carers

As part of our strong and ongoing commitment to 21st Century teaching and learning Brisbane Water Secondary College (BWSC) supports Bring Your Own Device (BYOD). BYOD refers to students bringing a personally owned and college approved electronic device for the purpose of learning. The college will provide the ability to connect compatible devices to a filtered internet service.

Key Points:

- Teachers will utilise BYOD in the classroom.
- All students accessing the BYOD program will be bound by the BWSC BYOD Policy.
- The NSW DOE BYOD Policy requires computers and tablets to be running operating systems that are supported by their manufacturer. This means no jailbreaking of iPads or rooting of Android tablets. This also means that Windows XP falls outside the DOE policy as it is no longer supported by Microsoft. These machines are unable to be connected to the college Wi-Fi.
- BWSC has made the decision that **mobile phones / smartphones will not be accepted** as part of the College BYOD Policy.

Should you require any further information regarding the BYOD program at BWSC please contact Mr. Jarrod Newman (Acting Head Teacher eLearning). He may be contacted by telephoning either campus.

Yours sincerely,

Paul Gilmore
